

Demonstration of Proposed Features

Date	29/09/2026
Team ID	UNM1425EduGenie
Project Name	EduGenie
Maximum Marks	1 Mark

Demonstration of Proposed Features:

S.No	Feature Name	Description	Status	Demonstrated (Yes / No)	Remarks
1	Question & Answer	Provides AI-generated answers to student questions.	Implemented	Yes	Demonstrated through the Q&A activity.
2	Topic Explanation	Explains concepts in a structured and simple manner based on the learner's level.	Implemented	Yes	Demonstrated with beginner-level topic explanation.
3	Quiz Generation	Generates educational quizzes from the provided learning content.	Implemented	Yes	Demonstrated through automatic quiz generation.
4	Content Summarization	Converts long educational content into a shorter and easier-to-understand summary.	Implemented	Yes	Demonstrated using the summarization activity.
5	Learning Recommendations	Provides personalized learning recommendations based on topic, level, and learning duration.	Implemented	Yes	Demonstrated through the learning recommendations feature.
6	Learning Level Selection	Allows users to select an appropriate learning level such as beginner or advanced.	Implemented	Yes	Used to personalize generated educational content.
7	AI Content Generation	Integrates Google Gemini API to generate educational responses and learning content.	Implemented	Yes	Gemini integration demonstrated through the core learning activities.
8	Result Display & Copy	Displays generated results clearly and provides a copy option for students.	Implemented	Yes	Demonstrated on the web interface.

Feature Implementation Summary:

Item	Details
Total Features Proposed	8
Total Features Implemented	8
Total Features Demonstrated	8
Overall Implementation Rate (%)	100%
